reSPECTRUM

Our team had an opportunity to take part in the project on Cyprus. Our organisation and team have gained new experiences, knowledge, friendships, and future partnerships through this project.

Through this project, our participants gained new soft skills and perfected those they already had. We are thankful to ACPELIA for organizing this project and caring for all the participants from the beginning to the end. Thank you for making an inclusive society where our participants were able to express and develop themselves. We are thankful for the shared knowledge. We would also like to thank our organization for this project.

We hope that working with our organization brought many positive aspects and that we will be included in future projects where we will be able to work together more times.

A handwritten signature in black ink, appearing to read 'Agata Lech'.
